Art Unit: 1616

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney R. Gallagher on 7/22/05.

The application has been amended as follows:

- a) In claims 2-4 line 1 delete "A" and insert --- The ---.
- b) In claim 4 line 2 delete "a" and insert --- the ---.
- c) In claim 5 line 2 delete "the".
- d) In claim 2 line 1 after "as" insert --- the ---.
- e) Replace claim 8 with the following claim 8: ---
 8. A method of preparing the mixture as claimed in claim 1, which comprises mixing together the compounds of the formulae I and II as set forth in claim 1. ---.

The following is an examiner's statement of reasons for allowance: Applicant provides unexpected results for the mixtures wherein formula II possess R as methyl and cyclopropyl. Since propynyl is simple hydrocarbon chain having similar size and polarity to the cyclopropyl group, one having ordinary skill in the art would expect the cyclopropyl and propynyl substituted formula II compounds to render similar results.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
